VOLUME ONE, NUMBER 41

## BAY ST. LOUIS SHOWS POPULATION INCREASE OF 516 SINCE 1940

A preliminary announcement of the population of Bay St. Louis taken as of April 1, 1950 shows a total of 4,664, according to figures released on June 15 by Mr. Arthur F. Arrington, Census Supervisor for this district.

Bay St. Louis' population in 1940 was 4,148.

These figures are believed to be substantially correct but are subject to revision after returns for non-residents are credited to their proper locality and other routine checks have been made. Although material revision of the preliminary count is unlikely, it may possibly occur after careful examination of the returns. The official announcement of population will be made at a later date by the Director, Bureau of Census, Washington, D. C.

## SECOND COMMUNITY TRAVEL MEETING HELD MONDAY NIGHT

The second Community Travel meeting for the purpose of increasing tourist trade in Bay St. Louis was held Monday night, June 19, at Bay High School auditorium. Mr. H. W. LeTissier explained the purpose and aims of the program to the business people present at the meeting.

"We should realize more and more," said Mr. LeTissier, "that the tourist stopping with us to buy gasoline, to dine with us in a restaurant or cafe, to make a purchase at a drug store, is a very important person in the economic life of our community. Treat the tourist like he is most welcome and that we are glad to have him with us, and that tourist may come back and tell others of the hospitality that prevails in Bay St. Louis."

Mr. LeTissier pointed out the importance of a community following the suggestion of the Mississippi Agricultural and Industrial Board in conducting "Travel Host Schools."

"Not only should the employer attend these schools and these lectures," he continued, "but the employer should see to it that his employees take an active part in the program."

Mayor Warren Carver, chairman of the Community Travel Promotion Committee, announced that a third meeting will be called within the very near future and that the meeting will feature a speaker from the National Association of Travel Officials.

## Building Permits Show 62.09 Increase

Building permits issued during the month of May, 1950, by the City Council totaled \$5,750.00 or an increase of 62.09 percent over the month previously. Permits issued during the previous month amounted to \$3,570.00.

During the month of April, 1950, however, the 5 permits issued amounts to \$714.00 each per unit cost of construction. The per unit cost of construction during May dropped \$139.00 when the ten permits issued averaged only \$575.00 each.

## FOGGING MACHINE NOW IN USE

The fogging machine which was donated to the City Council by the Chamber of Commerce and which was built by P. E. Porter was turned over to the City Council for use within the community.

The spray used in the fogging is a solution of DDT and kerosene and is said to be effective against flies, mosquitos and other insects.

The charivari kept up until finally the groom came out on the porch and promised refreshments for the entire crowd. Everyone was in good spirits and the bride and groom were very cordial.

## "Three Men on a Horse" Being Presented This Week at Little Theatre Playhouse

### RED CROSS WILL BEGIN CLASSES IN LIFE SAVING

Miss Gloria Bielh returned from the Red Cross National Aquatic Schools held at Natchitoches, La., and is at present teaching a part of the beginners' class now in progress at Breath's Beach. Next week she will begin classes in Junior Life Saving. All interested children between the ages of 12 and 15 who have joined intermediate swimming, or are good swimmers, please contact Miss Bielh by Monday of next week. Senior Life Saving classes will be held later with Mr. and Mrs. M. J. Langurand instructing.

Miss Bielh has uncanny ability to pick out short horse races, but only on paper because he never places them on them. The plot hinges on Irwin and the situation which arises when he falls into the hands of three rascals followers. These three, Patsy, Charlie and Frankie, played by Dennis Tonkel, Roland Hodges, are really good and no one would suspect that they are not professional race horse men. Dennis Tonkel is the big star of the trio; he is a veteran of our Little Theatre, and John Seafide, who furnishes most of the comedy touch, has been in several plays and Roland Hodges, a newcomer, is a welcomed addition. Don McCullough, as Clarence, the brother-in-law, is also well known in the Little Theatre.

June Meyers, as Irwin's wife Audrey is a very enthusiastic new player. Dr. Krofe, as the miserly employer, was quite accomplished, and Johann Kraft, as Mabel, the sportsman's doll, is versatile enough to fill any part very ably. Paul Tourne is the bartender, and George Fletcher the colored elevator attendant, both added much to the atmosphere. Imagine Alison as the maid, Gloria Nobile, as the news reporter, and Walter James Phillips, as the photographer did their best, well, as did Penny Cole, who had a walk part.

He is the son of the late Mr. and Mrs. John Pucheu and is survived by one son Joseph Chester Pucheu, two granddaughters; four sisters, Mrs. Gertrude Finbald, Mrs. W. H. Green, Mrs. T. N. Johnston and Mrs. Owen Borlage; and four brothers, L. F. Pucheu, Sr., A. Evan Pucheu, C. R. Pucheu, and Raymond Pucheu, all of Bay St. Louis.

Funeral services were held from the Falley Funeral Home with Mr. Kenneth Whitfield in charge, on Wednesday morning, June 21, at 10:00 with religious services at Our Lady of the Gulf Church and interment in Cedar Rest Cemetery.

The Afternoon Circle of the Main Street Methodist Church met at the home of Mrs. C. C. McDonald, on No. Beach, Tuesday afternoon. The meeting was well attended and after the business session, refreshments were served by the hostess.

**PROMOTING OUR TOURIST INDUSTRY**

Two meetings have been called by the mayor and his travel promotion committee for the purpose of promoting more business from tourists through this area. The response has not been too good. Is it that the business people of this community are not interested in increasing their sales volume thereby increasing their profits? It is hard to believe that this is so. Perhaps the business people do not fully understand and wholly appreciate the value of the tourist dollar. We cry on each other's shoulder that we have no industry here in this community. Yet how many of us know that the tourist business is an industry itself?

In 1924 a total of 21 states advertised for travel. They spent a little more than 134 million dollars. By 1931 this grew to 36 states and more than 312 million dollars. In 1946 43 states spent just under 7 million dollars and in 1949 712 million was spent by states and areas to attract the travel dollar.

This gives some idea of the investment being made to develop travel in one of the nation's major industries. It may be worthwhile for our local merchants to support the Community Travel Promotion Committee's program. Business people spend money to advertise in order to increase sales. Here is a chance to increase sales volume with no cost and very little effort.

If the business people of Bay St. Louis and Hancock County cannot find time to attend these meetings arranged for their benefit, how then can they expect to reap the benefits which other communities are getting because they are willing to get together and work for a common cause. Surely Bay St. Louis merchants need this business and the only way to get it is to go after it, and this we cannot do by staying at home while others work. Let's give it a trial.

**COLLINS, MRS. HALL NAMED TO  
HEAD MISSISSIPPI V. F. W.**

Biloxi, Miss.—Mississippi Veterans of Foreign Wars last Sunday afternoon at their concluding encampment session voted to return to Biloxi in 1951 and elected E. K. Collins Laurel as commander.

The auxiliary named Mrs. R. Bertie Hall, Tunica, as its president.

The new commander served in the South Pacific during World War II. He is county attorney of Jones County.

Other new VFW officers are John Aldridge, Winterville senior vice-commander; James M. Brown, Batesville, junior vice-commander; Dickey H. Burks, Provost quartermaster; Clayton Lewis, Philadelphia, judge advocate; Dr. C. P. Crustax, Corps surgeon; and C. A. Park, McComb, chaplain.

Clyde A. Lewis, Plattsburg, N. Y., commander of chief installed the officers.

The organization in a resolution urged its members to put those planning to run for state office so as to learn their attitude to award a bonus for World War I and II veterans who died in the state at the time of their enlistment.

It was pointed out that the department was committed to the idea that the veterans are entitled to a state bonus and that the Legislature at its last session did not have the opportunity to debate the issue as it was never allowed to reach the floor.

Tony Steplight Jackson, service of finer, in a report of work for service cases said the state was to lose millions because the veterans' trade school program has been set for such a short time and because more schools were not established.

Beside the new president, other auxiliary officers named were Helen Good, all; McComb senior vice-president; Ava Dorff, Cleveland, junior vice-president;

and Dorothy Lewis, Tunica, treasurer.

Dorothy Perry, Tunica, treasurer; Caroline Waldrop, Tunica, secretary; Mrs. Eugene Hattiesburg, conductor; Mrs. Lee Forest, guard, and Louise Salder, Jackson, chaplain.

Comdr. Lewis spoke Sunday and at the convention banquet. He told the encampment that if the United States stands by and lets Formosa fall to the Communists the Philippines and Japan may well be next.

The Nationalist forces of China under an American-trained leader, are making a last ditch stand on Formosa," Lewis said. "But, without material aid from the United States, they cannot hope to stand off any substantial Red onslaught. We must give them the military help they need or be resigned to Communist domination of the entire Eastern Pacific, all of Asia, in fact."

Lewis asserted that the American people must realize that China's current struggle is no civil war involving merely domestic issues. It is a Soviet-inspired Soviet-directed and Soviet-manned war of conquest, he declared.

We can ill afford to ignore its implications."

Lewis told the veterans that "the American people must get out of the habit of waiting until an enemy strikes before we prepare to fight. We are not looking for a fight, but we know who our enemy is. We know his methods and we know his determination to dominate the world."

"We can't afford another Pearl Harbor. It might well be our last."

Turning to the recent post office order reducing service and personnel, he saw "no justification" to the measure and charged that Postmaster General Donaldson was definitely anti-veteran. He termed the order "an unmistakable violation of the veterans preference act."

**Eight New All-Purpose Cars

**HURRICANE WARNING  
SYSTEM IS READY**

Washington—The weather bureau said its hurricane warning system, which resumed operation last Friday, links 27 Atlantic and Gulf Coast cities by a special teletype hookup.

On the bureau's calendar, June 16 of each year marks the beginning of the storm season, although the big blows seldom come before July or August.

But I. R. Tannehill, chief of reports and forecasts, told a reporter they've been earlier storms and we always want to be prepared."

The teletype circuit is used for assembling information on storms and passing it along. The number of cities on the wire has been increased gradually since it went into operation a few years ago. They include New Orleans and Mobile.

June 16 also is noted by the Air Force and Navy whose big planes, built to stay quiet and shipshape, with the tail gate opening level with the floor. Equipped with fluid drive and gyroscopic transmission, no shifting is necessary.

There are three all-purpose cars in the DeSoto line—the 6 passenger Carryall, the new DeSoto Suburban, and the new DeSoto Station Wagon.

In the Carryall, the rear seat can be folded forward providing 7½ feet of level storage from back of the front seat to the rear of the luggage compartment. It is ideal for camping or any other use where the style of a sedan is desired with the carrying capacity of a much larger vehicle.

The new DeSoto Suburban will carry 9 people plus a huge luggage load. It is the perfect car for big families and long trips. The new DeSoto Station Wagon is designed for every town and country use. The spare tire is under the floor compartment and when the seat are folded down, there is enormous cargo space. With the rear seats up, it is one of the sportiest cars on the market.

In the Chrysler line there is a new Station Wagon and the new Chrysler estate car with yacht-like craftsmanship. The Station Wagon provides the ultimate in luxury and utility—an ship. It is fully weather-stripped thus eliminating all drafts and rattles. The Traveler is designed specially for sportsmen and campers. It converts in seconds from a 6-passenger sedan with all of the Chrysler luxury features into a 3-passenger car or cargo carrier.

These cars are now available through Plymouth, Dodge, DeSoto, and Chrysler Dealers.

**BANK ASSETS**

Assets of all kinds reached a new

high level of \$180,000,000.00 at the close of 1949, according to Maple T. Harl, chairman of the Federal Deposit Insurance Corporation. This figure was \$2,000,000,000 higher than the previous record level reached in December, 1945 and represented an increase of \$4,000,000,000 compared with 1948.

### Trifles & Treasures

by PEGGY FOOTE

In Mrs. Oliver Harriman's "Book of Etiquette" she devotes a whole chapter to the speaking voice. She starts off by saying that "the speaking voice is our visiting card." I have always felt that a course in the proper use of the voice should be included in every school girl's curriculum. I would have appreciated it and saved money. The other day I had occasion to ride home from N. O. behind another female passenger who eulogized from the time we departed until the time I alighted—and she was still going strong. I probably wouldn't have even been aware of her except that one could literally hear the breeze being forced through her nasal passages in a high pitched metallic monotone. Her fellow companion was more fortunate than I, as he soon fell asleep. (How I envied him). But on the way she went until I began to read aloud to try to drown her out. Fortunately, I occupied the isolated seat at the back of her or someone might have thought I was "escaped." I agree with Mrs. Harriman that most speaking voices need improvement. And, it can be done so easily just by talking from the chest and out of the throat instead of from the nose. Try it. Say "I'm sure it can be done" as deep down in your throat as possible and feel the vibration in your chest. Now "throw" the voice up through the nasal passage and listen to the awful result. You will then feel the vibration at the back of your nose. Become conscious of this and every time you are inclined to use the wrong avenue drop your voice lower. Fortunately, most women I know have good voices. I can think of two who don't have and how I wish I could tell them.

I don't believe anyone was more surprised than Mrs. W. L. Reeder when she won first prize in the Dress Contest last week, given by members of the various local Home Demonstration Clubs. I was told that she appeared at the auditorium as a spectator. She looked so trim and neat and other ladies began commenting on her outfit and finally persuaded her to enter. She did and came off with first prize for street dresses. Madge Allred, Home Demon. Agent, told me, upon inquiry, that the prize winning dress was made for \$1.92. Which proves, girls, that we can look like a cool mint frappe at very low cost. Muriel Reeder, along with the other winners will get on an all expense trip to Miss. State College to compete in the finals sometime in July. Another of Muriel's accomplishments is her diction. Never a word is lost when she speaks to you and no one ever has to ask her to repeat. Her speech is clear, and precise and her voice well modulated.

Maybe this tip will help you prize winning "couture" to win more prizes—or perhaps it's these little things that make you that way—but, anyway why not use the method the professional fitters use by attaching a small pin cushion to an elastic band and placing it on your left wrist. The pins are easily accessible and do not fly in every direction as they do when you

try to leave them from a box.

Do you have perfume stains on your nice linen? Then try removing them with hydrogen peroxide.

Have you ever tried grinding meat that is frozen? It works. Grind it before the crystals completely melt.

How about using a muffin tin to bake your potatoes in? Stand them on end in the separate compartments. It eliminates burned fingers and the potatoes are evenly baked without the necessity of turning.

Be sure liquid deodorant is for you before you buy any large quantity. It is not effective on some types.

Belts are in high fashion now probably because so many women wear plain pastel clothes in summer. Any way, a bulletin tells me that belts for cotton dresses are made of sateen, velveteen, shantung, wicker, and even shell. (The shell I would like to see. Many of these come in a wide range of pastel shades as well as jewel tones.)

I took the best part of an ancient sheet the other day (which was monogrammed in rose) and got from it four place mats. Each corner trimmed with a 2½ inch ruffle of white eyelet embroidery from a worn petticoat. I cut the monogram out carefully and along with three others from discarded pillow slips appliqued them to the four mats.

Then, I starched them all very stiffly and pressed them. You will find them very useful.

For my pink milk-white china and a cluster of big pink zinnias in a turquoise bowl, I will have a small luncheon next week for three of my old classmates.

Which reminds me—they all love sea food and they always want "hush puppies." Would you like a good recipe from "Daisy Lee's" in Panama City, Florida?

Hi-Way Drive-In Theatre  
Presents 'Dakota Lil' In  
Technicolor, Sun., June 25

An action-packed western, 20th Century-Fox's release of the Alson production, "Dakota Lil," photographed in Technicolor, is coming to the Drive-In Theatre. George Montgomery, as a Secret Service Agent, Marie Windsor in the title role of dance hall queen, and Rod Cameron, who portrays a vicious outlaw chieftain always looking for trouble and often getting it, co-star in this Edward L. Alsperson presentation written by Maurice Goraghty and directed by Lesley Selander.

"Dakota Lil" is a saga of a colorful era in western annals. It deals with the elements of the Wyoming badlands and with the role played by the United States Secret Service in conquering the area for the side of law and order and making it a fit place in which to live.

The story was written out of authentic material and the Goraghty screen play is thus virtually a historical document about the territory during the transitional period when the law was beginning to come into its own in a lawless country.

Heading the supporting cast of "Dakota Lil" are John Emery, noted stage and screen actor, and Wallace Ford, who has appeared in scores of pictures. Also featured are Jack Lambert in an unusual characterization and Larry Johns. A special musical score for the film was written by Dimitri Tiomkin.

1 tea salt.  
1 tea baking powder  
1 tb. shortening  
1 pinch soda

Bring water to boil. Pour over other ingredients, stirring into light dough. Mold into small "puppies." At last minute, fry in deep fat until golden brown, lift and drain a few seconds over pot then place on paper toweling. If you would like them extra rich, break up crumbs of crisp bacon before stirring and add to mixture. Grand with gumbo or any sea food.

You're all ready to go to a bridge or luncheon and you've smeared a nail. It's impossible to do it over or you'll ruin several others. Well, here—take your orange wood stick and dip it into your bottle of polish remover. Drain off excess on a tissue and then gently "spread" the polish which is left on the nail to cover damage. It will do until you can manage a better job.

I will never understand the "justice" of a law which imprisons a mother of six children (wife of a \$20,000 a week farm hand) for 87 days for failure to pay a \$1,966.75 damage suit against her in an automobile accident. The very act of separating her from six dependent children seems like breaking some sort of law to me.

Have you ever noticed Edith Dantagnan's (Mrs. A. G.) remarkable likeness to Dr. Vinci's "Mona Lisa"? It's uncanny! especially when Edith wears that slightly curved smile. Watch it next time. She could have been his model.

Au revoir

### NEWS ITEMS DELAYED

Wetumpka, Oklahoma—An indignant crowd of would-be spectators at a "human-fly" stunt learned that a make-up man's error had caused all the trouble. The item announcing that the "fly" would do his stunt should have been run under the heading, "It's Been a Long Time Since..." The stunt was scheduled for 1929.

### BEES IN HOME

Camden, NJ—Mrs. Margaret Quinn never objected when her children brought stray animals into the house, but when a swarm of bees trailed them, she called police to come in and help get rid of the insects.

whose work is only associated with top films. "Dakota Lil" is regarded as one of the top films of its class as its tip-top production credits indicate. A high-powered western can be expected, in color, at the Hi-Way Drive-In Theatre Sunday, June 25.

"Dakota Lil" is a follow-up to another highly regarded Twentieth Century-Fox western opus, "Belle Starr's Daughter," which also had George Montgomery and Rod Cameron as stars and Lesley Selander at the megaphone end. Many great westerns a brand of film at which the Hollywood film capital has long excelled, have been made by these veterans.

One of the tragedies about a college education is that many graduates will not know what to do for a livelihood.

**DOG CENSUS:**

While the Government is busy making a count of all the people in the United States, the National Geographic Society suggests that a census of dogs would fill a long-felt need. Estimates of the dog population in the nation vary from 15,000,000 to 25,000,000 but nobody seems to know the exact figure.

**CROP, LIVESTOCK INCOME IN STATE BELOW LAST YEAR**

Washington Crop and Livestock in state of Mississippi for the first four months of 1950 is less than a quarter of the first four months of 1949.

Mississippi had the largest decrease in any state, according to the Agriculture Department.

And the outlook is that cattle crop and livestock income for the first four months of 1950 will be about \$10 million less than for the same period of 1949.

Through estimates the May and June are still tentative, the reasons being the lack of market reports.

## Miss Rita Benigno Becomes Bride Of James Claude Lane Saturday, June 17 In New Orleans, Louisiana

Miss Rita Ann Benigno, daughter of Mr. and Mrs. Samuel Joseph Benigno and Mr. and Mrs. John Natale, both of Bay St. Louis, became the bride of James Claude Lane, son of the Rev. Charles A. Lane, pastor of Mr. and Mrs. C. D. Lane of Oak Grove, in the state of California, on Saturday, June 17. The church service was held at the First United Methodist Church of Jesus Christ, in New Orleans, and the reception followed at the Hotel Roosevelt.

Local priests and white gladioli and peacock feathers. The church organist played soft-time marches as the procession entered recessional and played very softly "Ave Maria" and "Pams Prayer" during the ceremony.

The happy bride wore a dress of white tulle and French lace having a large square neckline filled with tulle and a wide square bertha of lace, with lace sleeves and a long tight bodice of lace. Lengthwise panels about eight in number, were placed in the skirt from the waist to the hemline, even in the train. She wore long white gloves with lace over the hands and her fingertip veil was held in place with a heart-shaped strand of orange blossoms. Her bride's bouquet was of lilies of the valley and white orchids. She was given in marriage by her brother, Mr. Sam Benigno.

Her mother of honor and only attendant was her sister, Mrs. Alfred Vassili. She wore a beautiful gown of chintz and lace over satin, in a soft pink shade. The bodice had medallions of the lace in front and a panel side at the shoulders and neckline of the waistline in back. A row of lace was around the skirt about midway in an uneven flowing line. She wore a small, close fitting hat with tiny pink and white flowers and green lace gloves to match the lace in the dress. Her flowers were yellow rosebuds.

Mr. Lane had as his best man Mr. John Zannoni, of New Orleans. Ushers were Messrs. Chas. Benigno and James Folio, of New Orleans.

At the ceremony there was a reception in one of the parlors at the Roosevelt Hotel, which was decorated with white gladioli and white peonies. The wedding cake was a large three-tiered cake topped with lilies of the valley.

Reverend with the wedding party was the bride's mother, who wore a dress of rose chintz with pink accessories and an orchid corsage.

The young couple went to Oakland, Calif., on a wedding trip and the bride's going away costume was a suit of yellow silk worn with green accessories and a corsage of white orchids. On their return they will make their home in Ardmore, Oklahoma, where Mr. Lane is employed by the California Co. He is a graduate of the University of California and was in service during the last war. The bride is a graduate of Bay High School and Ole Miss where she became a member of the Delta Zeta Society. For the past several years she has made New Orleans her home.

### FARM INCOME

The Department of Agriculture reports that cash income for the nation's farmers this year will be well under the 1949 totals. Cash receipts from marketings in 1950 may total around \$25,000,000,000 compared with last year's \$27,500,000,000.

## HIGHWAY OPENING ASKED IN LETTER

Light Traffic on Route 90  
for Week Ends Sought

A request to reopen Highway 90 between the Pontchartrain bridge approach and the Ridgelets to week end traffic was before the director of the Louisiana highway department Wednesday day.

Whitaker F. Ruggs, executive vice-president of the New Orleans Chamber of Commerce, sent a letter to R. B. Richardson, highway department director, urging that Highway 90, now closed while the roadway is being widened, be opened between Friday evenings and Sunday evenings during the summer.

In the letter, Ruggs said: "We appreciate the splendid job your department is doing in widening the present roadway three feet on each side which will be of great convenience to the motorists of New Orleans, the Gulf Coast and visitors to and from the North and East."

"However, in view of the heavy volume of traffic which Highways 11 and 90 carry each week end and particularly at this time of the year, we are wondering if an arrangement could be worked out with the contractor so that Highway 90 might be opened to light traffic on Friday evenings after 5:00 p.m. and on Saturdays and Sundays, particularly from now until the middle of September."

"If such an arrangement can be worked out, it should substantially relieve the congestion on the detour route, expedite the movement of traffic and reduce the accident hazard."

## LUMPKIN FAVERS MORE MONEY FOR WHITFIELD HOSPITAL

Jackson Lt. Gov. Sam Lumpkin says that when next Mississippi legislature meets, he will ask that it give more help to the state mental institution at Whitfield.

Lumpkin is acting governor while Gov. Fielding L. Wright is away from the state to attend the national governors' conference at White Sulphur Springs, W. Va.

After inspecting the Whitfield Hospital Lumpkin said that he will recommend that help for the institution be included in any legislative call. Gov. Wright may issue it for a regular special session.
